Advertising Column

Retro style, Era I-III

ZM-LS-001

Finely detailed model of the advertising column is made of precisely processed polystyrene and 3D printed parts airbrushed with lacquer paint. The bottom is fitted with double-sided adhesive layer for easy installation on layouts.

Scale: Z scale 1:220 **Size:** 21.5 x 7.4 mm (Height x Diameter)

Quantity: 1 set (1x advertising column, 2x retro posters, 2x modern posters)

Era: I-III (can also be used for Eras IV-VI with modern posters)

Suitable for: Z scale 1:220 layouts and dioramas

Installation: ❶ Attach desired poster to the advertising column
❷ Carefully remove protective pad from the bottom of the advertising column
❸ Place the column on the layout and gently press on it to increase adhesive force.

Caution: Do not press on the pinnacle on the top of the advertising column in order not to break it.
